COMMANDER'S POLICY MEMORANDUM #9

SUBJECT: Sexual Harassment in the Workplace

1. Sexual harassment is unequivocally not tolerated in the Detroit District. This form of sexual misconduct is totally unacceptable in our work environment by any one. When sexual harassment occurs in the workplace, it degrades our integrity and impacts our ability to make our vision become a reality. In addition, if we allow it to permeate and thrive in our workplace, it can impact each of us, our families and our communities either directly or indirectly.

2. The District will continue to uphold and enforce Title VII of the Civil Rights Act of 1964, as amended, which states: Unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

a. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment.

b. submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or

c. such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

3. Keep in mind that conduct that seems perfectly harmless or humorous to one may be offensive to another. Conduct that might be overlooked outside of the work environment may cause an employee to complain of sexual harassment if it occurs in the workplace. Whatever form it takes, unwelcome conduct of a sexual nature in a work or work-related environment can be offensive and demeaning to the recipient, and will not be tolerated.

4. This policy applies to all employees, both military and civilian, as well as those persons not within our employment who are permitted on our work premises. It clearly prohibits deliberate or repeated unsolicited verbal or non-verbal, physical, graphic and hazing conduct of a sexual nature, which is unwelcome to the recipient, whether or not the recipient is a District employee. In addition, it prohibits the use of all government-owned property and resources such as copiers and fax machines, telephones, and personal computers (PCs) to engage in sexual misconduct.

SUBJECT: Commander's Policy Memorandum #9 - Sexual Harassment in the Workplace

5. The prevention of sexual harassment is the responsibility of every employee of the organization. The best way to start is through avoidance of conduct that could fall under the purview of this policy and education. Insure that the basic Department of the Army (DA) Training in the Prevention of Sexual Harassment (TPOSH) is completed and then annually, complete the on-line course requirements, as assigned.

6. I know I can rely on every employee to act responsibly. However, any employee who violates the EEO laws or fails to comply with this policy and/or related Army and Corps policies of zero tolerance of discrimination, can expect disciplinary action up to removal. Given the nature of this type of misconduct, the District recognizes that wrongful charges of sexual harassment can have serious effects on innocent individuals.

7. Managers are held accountable for monitoring the work environment and effectively implementing this policy. Managers who perceive a violation of this policy shall take immediate corrective action to eliminate the harassment and prevent its recurrence. Corrective actions will not be contingent upon whether or not an aggrieved individual seeks redress through the EEO complaints system. However, when redress is sought, managers are expected to work closely with counselors and other officials involved to resolve matters as swiftly as possible. In addition, to preserve the dignity of our employees and the quality of our work environment, a copy of this policy and the enclosed District Reporting Procedures are to be provided at the first opportunity to contractual personnel who share our workspaces. I appreciate your support in this effort. (This policy is incomplete without the enclosure.)
